

To our generous donors:

While our mission is clear, “Building a healthy community, one life at a time,” what may not be as clear is how we’re able to accomplish this mission. You may be wondering how we’re able to provide high-quality care to all, regardless of ability to pay. You could even be asking yourself how we’re able to assemble such a highly respected team of healthcare providers, nurses, and back-end staff while serving an often overlooked patient base. The simple answer is “you.”

Through your generosity and kindness, Fairfield Community Health Center has been able to expand our team to improve access to care for our patients, save funds for our South School renovation project which will revolutionize healthcare in Fairfield County, and directly improve the lives of over 7,000 patients in our community. This is an exciting time for Fairfield Community Health Center as we expand services and increase our staff as well as begin to eye our move into the South School in the coming years. Without the generosity of people like you, none of this would be possible.

The excitement we feel for the future can only be matched by the sincere gratitude we feel for each and every one of you who have made this possible. Any donation, no matter how big or small, truly makes a difference in our community and in the lives of those who receive care from Fairfield Community Health Center.

We cannot thank you enough for the generosity you have shown and for putting the community at the forefront of your giving. We are so fortunate to be a part of such a giving community, which allows us to be the preeminent community health resource in Fairfield County. We’re looking forward to sharing our successes with you in 2020 and beyond, as none of it would be possible without you.

From the bottom of our hearts...

*Thank You!*
